

Mooring Cleats

TEKMARINE Mooring Cleats are popular amongst small boat application and marinas. TEKMARINE offers most popular standard sizes of Mooring Cleats such as 24 inches to 54 inches, or 5t to 30t, however other sizes are available upon request.

Mooring Cleats can be supplied with suitable fixing hardware for either new dock or marina with cast-in-anchors or retrofit type anchors for installations onto existing facility. TEKMARINE also supplies the Weldable Mooring Cleats.

Various material grades and coating finishes are available.
