

Fassmer Rescue Boats

Fast all-rounders

Fassmer fast rescue boats and rescue boats are designed to be “immediately fired up and fully available” whenever necessary.

They are the backbone of a quick, safe and successful person-over-board-manoeuver. Made for long service periods, they reduce downtimes to a minimum.

- Outboard or inboard engine
- Fixed or inflatable self-rigging devices
- Different propulsion systems available
- Fully IMO/SOLAS certified
- Top speed up to 33 knots
- Exceptional sea-keeping characteristics
- Fibreglass-reinforced polyester resin
- Soft-foam and corner fenders

Boat Type	LSA Code	Max. Capacity (Person)	Top Speed (kn)	Max. Bollard pull (N)	Length (mm)	Width (mm)	Height (mm) to lifting connection	min. Weight (kg)	Lifting Eye (LE), Lifting sling (LS), Release hook (RH)
RR 4.2	5.1	6	6–18	3,600	4,230	1,750	1,600	450	LS
