

Fassmer Rescue Boats

Fast all-rounders

Fassmer fast rescue boats and rescue boats are designed to be “immediately fired up and fully available” whenever necessary.

They are the backbone of a quick, safe and successful person-over-board-manoeuver. Made for long service periods, they reduce downtimes to a minimum.

- Outboard or inboard engine
- Fixed or inflatable self-rigging devices
- Different propulsion systems available
- Fully IMO/SOLAS certified
- Top speed up to 33 knots
- Exceptional sea-keeping characteristics
