

Watertight Polybottle

12 Litre Polybottle - Waterproof Storage for Flares

Ensure your distress signals are always at hand and in top condition with our waterproof polybottle – the ultimate waterproof storage solution for flares. Crafted from durable materials and designed for maritime emergencies, this polybottle offers peace of mind for boaters venturing into unpredictable waters.

Features:

1. **Waterproof Design:** Constructed from high-quality materials, our polybottle keeps your flares dry and protected, ensuring they remain in optimal condition for when you need them most.
2. **Ample Capacity:** With a generous 12-litre capacity, this storage solution accommodates multiple flares, providing ample space to store your essential distress signals.
3. **Versatile Use:** While ideal for storing flares, our polybottle can also be used to protect other essential items from water damage, making it a versatile addition to any boater's toolkit.
