

# AT Tanks

## AT Tanks | Portable Open-Top Tanks for All Liquid Storage Needs

Introducing AT Tanks, the epitome of versatility and efficiency in portable liquid storage solutions. Designed for quick deployment in various scenarios, these field-erectable open-top tanks cater to a multitude of applications, from spill recovery and industrial waste to firefighting and potable water storage. Discover the ease of setup, durability, and portability with AT Tanks.

### Key Features:

#### 1. Versatile Applications:

- Ideal for spill recovery, industrial waste, potable water, firefighting, civil construction, sewage, and more.
- Adaptable to a wide range of liquid storage needs.

#### 2. Rapid Setup:

- Lightweight and portable, set up in minutes by one or two people.
- No tools required for assembly, ensuring quick and hassle-free

deployment.

### **3. Durable Construction:**

- High-strength, lightweight, corrosion-resistant aluminum frame.
- Constructed of UV-resistant, hydrocarbon-resistant PVC-coated polyester fabric.
- Optional urethane-coated fabric for enhanced durability.

### **4. Complete Package:**

- Standard storage/carry bag, groundsheet, and top cover included for a comprehensive solution.
- Options available for a replaceable inner liner, repair kit, and fill/drain connections.

## **Applications:**

- **Spill Recovery:** Swift deployment for efficient spill containment and recovery.
- **Industrial Waste:** Temporary storage solution for various industrial liquids.
- **Firefighting:** Portable tanks for firefighting operations.
- **Civil Construction:** Ideal for construction projects requiring temporary liquid storage.
- **Potable Water and Sewage:** Safe storage for potable water and

sewage.

## Product Specifications:

- **Material:**

- Frame: High-strength, lightweight, corrosion-resistant aluminum.
- Fabric: UV-resistant, hydrocarbon-resistant PVC-coated polyester (urethane-coated fabric optional).

- **Setup Time:** Minutes, with no tools required.

- **Capacity:** Customizable to meet specific liquid storage needs.

- **Included Accessories:** Storage bag, groundsheet, top cover.

Capacity, (U.S. gal)	Capacity (Imp. gal)	Capacity (liters)	Base (ft)	Height (ft)	Base (m)	Height (m)	Weight (lb)	Weight (kg)
