

EPSILON Oil Containment Boom

This is our largest conventional boom, built for difficult applications in choppy to rough waters. Excellent wave conformity and high tensile strength. Meets Coast Guard specification NVIC 7-92.

APPLICATIONS

- Rivers
- Large lakes
- Bays
- Channel
- Docks
- Open waters
- Coastal areas
- Ocean
- Offshore

EPSILON 42-INCH

SPECIFICATIONS

Overall height, in (cm) 42.(106.7)

Float freeboard, in (cm) 14 (35.6)

Skirt draft, in (cm) 28 (71.1)

Total tensile strength, lb (kg) 32,400 (19,051)
