## **EPSILON Oil Containment Boom**

This is our largest conventional boom, built for difficult applications in choppy to rough waters. Excellent wave conformity and high tensile strength. Meets Coast Guard specification NVIC 7-92.

## **APPLICATIONS**

- Rivers
- Large lakes
- Bays
- Channel
- Docks
- Open waters
- Coastal areas
- Ocean
- Offshore

## **EPSILON 42-INCH**

Float freeboard, in (cm) 14 (35.6)

Skirt draft, in (cm) 28 (71.1)

**Total tensile strength, lb (kg) 32,400 (19,051)**
