

ECOTANK

ECOTANKS - Portable Tanks for Temporary Oil Storage

Introducing ECOTANKS, the ultimate solution for temporary oil storage designed to meet the dynamic needs of emergency response services. These tanks are easy to transport and quick to assemble, with a lightweight yet robust construction and large storage capacity. ECOTANKS offer versatility in temporary liquid storage.

Key Features:

1. Versatile Storage:

- Specifically designed for temporary storage of various types of oil and liquids.
- Large storage capacity to meet diverse needs.

2. Portability and Quick Assembly:

- Easily transportable for on-the-go emergency response.
- Quick and easy assembly ensures rapid deployment.

3. Durable Materials:

- Foldable fabric made of EVA-coated polyester:
 - Resistant to oil, a wide range of chemicals, detergents, and UV light.
- Sturdy frames made of marine-grade aluminum tubes for durability.

4. Functional Design:

- Equipped with a valve and camlock connection at the base for easy decanting or emptying.
- Roof cover made of oil and UV-resistant fabric.

5. Convenient Storage:

- Comes complete with a sturdy wooden transport case for safe and organized storage.

Applications:

- **Emergency Response Services:** Ideal for rapid and versatile liquid storage during emergencies.
- **Industrial Sites:** Convenient temporary storage solution for oil and liquid materials.
- **Transportation:** Portable tanks for on-the-go liquid storage needs.
- **Environmental Cleanup:** Efficient containment and storage of hazardous liquids.

Product Specifications:

- **Material:**

- Foldable Fabric: EVA-coated polyester.
- Frames: Marine-grade aluminum tubes.
- Roof Cover: Oil and UV-resistant fabric.
- **Capacity:** Customizable to meet specific storage needs.
- **Assembly Time:** Quick and easy for rapid deployment.
- **Storage Box:** Sturdy wooden transport case included.

Product name	ECOTANK 7,5	ECOTANK 10	ECOTANK 15
Footprint [m]	3.6	3.6	4.2
Total height [m]	1	1.5	1.5
Maximum capacity [m3]	7,5	10	15
Fabric type	EVATEX		
Weight [kg]	57	68	76
