

Dacon Rescue Basket

Dacon Rescue Basket: Efficient MOB Recovery

Prepare your crew for emergencies at sea with Dacon Rescue Basket – a power-assisted system tailored for MOB recovery. Ideal for vessels with limited deck space, it's robust, stable, and easy to operate using a deck crane.

Key Features:

- Sturdy aluminium construction for stability in challenging North Sea conditions.
- Trusted by 250+ operators globally, meeting UKOOA, NMD, and classification society standards.
- Engineered for gentle retrieval with a low floating position, soft padding, and rotating fenders.

Benefits:

1. **Three Sizes:** Available in 4, 6, or 8 person capacities.
2. **Effortless Entry:** Simplified access for individuals being rescued.
3. **Vessel Protection:** Fenders prevent damage during rescue in tough conditions.
4. **Convenient Storage:** Foldable mast for easy onboard storage.
