

Switlik Tac-X

Our TAC-X is the tactical upgrade of our most comfortable and versatile aviation life vest yet. Designed with practicality in mind, it provides the space you need to carry all your essential gear.

Switlik TBO Recommendation

Switlik Constant Wear life vests come with a recommended Time Between Overhaul (TBO) of two years. Every two years from the date of manufacture, the vest should be sent to an Authorized Service Center for inspection, testing, any required repairs, and recertification, following the most current revision of the Component Maintenance Manual (CMM).

Features:

- Signature SWITLIK X-Back ergonomic design for superior comfort

in the seated position.

- One-size-fits-all: Maximum adjustment capability to fit the largest range of sizes
- Dual-opening zipper design
- Designed to transfer the load away from your neck
- Twin chamber inflatable cell with two oral tubes
- Built in locator light & emergency whistle
- Built in storage pockets for excess webbing
- Two (2) permanently attached leg loops
- Two (2) front lifting straps for loads of +585 lbs. (2600N) for emergency lifting only
- Integrated grab handle allows wearer to be pulled to safety in a search and rescue scenario
- COBRA® metal frame adjusters on X-Back and back strap
- COBRA® buckles on leg straps and front entry closure
