

Lakeland Stealth Turnout Pant

Stealth Turnout Pant

Enhance your firefighting gear with the Stealth Turnout Pants - Lakeland's premier offering, featuring LazerMax Reflective Piping, a beveled waist design, double-layer padded knees, and a host of additional features.

Product Details:

- **Style Number:** ST3320G
- **Top-Tier Safety and Comfort:** These Turnout Pants are crafted with an emphasis on safety and comfort for firefighters. The beveled waist design ensures a snug fit with a low front and a slight rise towards the rear.

- **Robust Construction:** A 2" wide Black Kevlar® Belt with belt loop/handle grips, snap, and Velcro® fly closure provide secure fastening.
- **Reinforced Knees:** Featuring double-padded Black Arashield® knees with a side kick extension panel, these pants are built for durability in high-stress areas.
- **Built to Last:** The pants are further reinforced with Black Arashield® Pant Cuff Reinforcements, ensuring longevity and resistance to wear and tear.
- **High Visibility:** Lime/Yellow Scotchlite® Triple Trim, double-stitched for durability, enhances visibility and safety in low-light conditions.
- **Advanced Design for Comfort:** The pants feature a single lower leg panel with a center rear seam, reducing abrasion, and a Reverse Boot Cut for ease of use.
- **Suspenders:** These pants come with Black-Ops™ Multi-Adjust Suspenders that feature no metal suspender buttons for convenience and safety.
- **Custom Fit:** Each pair of pants is custom ordered, sized to perfection for the wearer's comfort and functionality. Please review our return policy for details.
- **Two-Tone Option:** For added style and functionality, consider the Two-Tone Stealth™ option, featuring a black bottom sleeve panel and black lower leg panel, separated by LazerMax™ Trim.

Available Colors:

- Stealth™ (as described)
- Two-Tone Stealth™

Available Sizes: Custom ordered and sized for the wearer.

Elevate your firefighting gear with the Stealth Turnout Pants, the epitome of safety, durability, and comfort. These pants are designed to meet the demands of the most challenging firefighting situations, ensuring you're prepared for any emergency.
